Thou once told me thy paper was free. That and other evidences encourage me to forward a copy of a Memoir of Francis Wright which will be sent in the same mail with this. If on reading thou should decide that its circulation will subserve the cause of A. S. Slavery, Peace, Women's rights or moral reform under any name, please say so in the "Liberator" and forward the number containing the review to me. That it is truthful, and that it may be had at Longley Brothers ~~Birmingham~~ and J. M. Miller, Salem at 30 cts in paper and 40 in cloth is all I have to say except that I need the outlaid money refunded.

Thine &c. Amos Gilbert
